CERTAINTY

Keeping your personal data secure at all times, yet ensuring it is available to you throughout, is an important offering of the New Signature Touch. You can now sync all contacts through iCloud when required, remotely find your phone when lost and connect to the iPass – the world's largest global Wi-Fi network – through a 12-month complementary access. Through their expert services and cutting edge technology, the New Signature Touch provides you, not a phone but an experience of a lifetime.
